FOR IMMEDIATE RELEASE

RE: FALSE ALLEGATIONS CONCERNING THE SALE OF A STOLEN VEHICLE BY MR. PHILIP KWAME BROBBEY

Our attention has been drawn to certain false and defamatory allegations circulating on both traditional and social media platforms, suggesting that Mr. **Philip Kwame Brobbey**, a respected Ghanaian businessman, imported and knowingly sold a stolen BMW 740D vehicle to Mr. Kwabena Adu-Boahene, who is currently standing trial for various criminal offences.

We wish to state emphatically, on behalf of Mr. Brobbey, that these allegations are completely false, misleading, and defamatory.

Mr. Brobbey categorically denies being the importer of the said vehicle; instead lawfully acquired it locally before selling it in August 2024, not December 2024 as wrongly reported. Before the sale, Mr Adu-Boahene conducted due diligence and voluntarily proceeded with the transaction. Since the sale, Mr. Brobbey has had no further dealings with Mr. Kwabena Adu-Boahene in any form.

It is deeply regrettable that eleven months after the transaction, defamatory statements have emerged, portraying Mr. Brobbey as knowingly having sold a stolen car. These allegations have caused substantial reputational damage to him both in Ghana and internationally, drawing unwanted attention from business associates, family, and community members.

We therefore urge the general public to dismiss the said allegation as baseless and false, and further call on the public and media to exercise the utmost caution regarding these claims and avoid sharing or amplifying these falsehoods.

Issued on behalf of Mr. Philip Kwame Brobbey

Signed
