Accra, Ghana

Request for Investigation into the GHC78 Million Allocation to the Office of Hon. Felix Ofosu Kwakye Minister In Charge of Government Communication

Dear Mr. Acher,

As the Chairperson and Leader of the People's National Party (PNP), and in the interest of transparency, accountability, and responsible governance, I respectfully submit this petition to your esteemed office for the urgent investigation into the allocation and potential misuse of GHC78 million to the office of Hon. Felix Ofosu Kwakye, the Minister in charge of government communication, as stated in the 2025 National Budget.

This office, which does not carry the status of a ministry, has been allocated a sum far exceeding what was historically assigned to the Ministry of Information—which operated with GHC6 million while overseeing six government agencies. Mr. Ofosu Kwakye's current office is said to oversee only three agencies, yet received an unprecedented GHC78 million. This has raised deep concerns among Ghanaians regarding possible abuse of public funds and hidden political motivations.
