PRESS RELEASE

URGENT REQUEST FOR IMMEDIATE RESOLUTION OF UNPAID ARREARS

This is to bring to your attention a pressing matter affecting a section of teachers who were recruited in 2023 (Coalition of unpaid teachers and arrears 2023).

We the Coalition of unpaid Teachers and Arrears Ghana are writing to express our deep concern and frustration over the unpaid salary arrears owed to over 1,000s of teachers across the country.

Despite working for more than two years, we began receiving salaries after working for a year without arrears.

Efforts have been made to come to terms with the Ministry of Education and The Director General of Ghana Education Service but all attempts have proven futile.

As educators, we are committed to providing quality education to our students, but it is disheartening to see our efforts go unrewarded. The delay in payment has caused significant hardship, affecting our ability to meet basic needs and support our families.

We urge the Ghana Education service and Ministry of Education to take immediate action to address this issue.

We wouldn't hesitate to undertake an industrial and legal actions if we do not get any positive feedback by the end of the month January, 2026.
