

ECONOMIC FIGHTERS LEAGUE

Press Statement: March 3, 2026.

Beyond Ayawaso East: The Struggle for Integrity Continues.

We acknowledge the outcome of the Ayawaso East by election and respect the will of the voters.

Our critique has always been about principle, not personalities. It was about principle. Money based politics, regardless of who benefits, weakens democracy and sustains the very system that has produced the #YouthAndJobs crisis.

The struggle for integrity in public life continues.

Revolutionary regards,

Economic Fighters League (EFL)
