Dear Sir,

**RE: REQUEST FOR NOTICE OF 'NO OBJECTION' PURSUANT TO SECTION 52
OF THE MINERALS AND MINING ACT, 2006 (ACT 703)**

Your letter dated 8th March, 2024 on the above-subject matter refers.

Subsequent to your letter, the Hon. Minister requested for the advice and recommendation of the Minerals Commission, pursuant to section 100(2) of the Minerals and Mining Act, 2006 (Act 703), which was received on 12th March, 2024. The Commission indicates that your company has gained considerable experience in mining, and is currently engaged in contract mining for Abosso Goldfields Limited's Damang Gold Mine.

Based on the representations in your letter and on the recommendation of the Minerals Commission, the Hon. Minister for Lands and Natural Resources has no objection to Engineers and Planners Co. Ltd. entering into negotiations with Abosso Goldfields Limited for the purposes of acquiring the Damang Gold Mine.

This no objection, however, does not affect the right of the Government of Ghana to approve or reject any transaction and/or agreement concluded between the parties. Accordingly, any agreement concluded between you on one hand, and Abosso Goldfields Limited, on the other hand, shall be subject to the express approval or otherwise of the Government of Ghana. For the avoidance of doubt, any such agreement shall not be valid, and no rights shall pass under such an agreement without the consent of the Government of Ghana. This no objection is granted subject to the above reservations.

Thank you.

Yours sincerely,

**PROF. PATRICK K. AGBESINYALE
