PRESS STATEMENT

BY THE CONFERENCE OF HEADS OF BASIC SCHOOLS

RE: HEADTEACHER AND THREE OTHERS SUBJECTED TO A BRUTAL ASSAULT BY BATTALIONS FROM
2BN APREMDO TAKORADI

The leadership of the Conference of Heads of Basic Schools hereby condemns in no uncertain terms the repressive and barbaric treatment meted out to a head teacher and three other teachers by personnel from 2BN, Apremde-Takoradi, on Thursday, 30th April 2026.

We express our deep concern over this unfortunate incident, especially as such acts are becoming far too frequent, yet little or nothing is being done to bring the perpetrators to justice.

Head teachers and teachers continue to risk their lives and sacrifice their comfort to serve in communities where many other professionals are unwilling to work. It is therefore unacceptable for teachers to be subjected to such disdain, intimidation, and disrespect.

We are calling on the appropriate authorities to conduct a full investigation into the matter and ensure that all persons responsible are made to face the full rigor of the law.

We further demand adequate compensation for the affected teachers for the trauma and humiliation they have suffered.

Failing this, we urge the Ghana National Association of Teachers and all other teacher unions to stand in solidarity with our colleagues by withdrawing their services until justice is served.

We remain committed to protecting the dignity, safety, and welfare of all teachers across the country.

Signed:

.....

Justice Adu-Darkoh
General Secretary
