**PRESS RELEASE ON BEHALF OF DR. KINGSLEY AGYEMANG REGARDING
THE FALSE AND MISLEADING NARRATIVE BEING PEDDLED ABOUT HIM BY
H.E. SABAH ZITA BENSON (HIGH COMMISSIONER OF GHANA TO THE
UNITED KINGDOM AND IRELAND)**

13th August 2026

For Immediate Release

We write as Lawyers for Hon. Dr. Kingsley Agyemang (our client), the former Registrar of the Ghana Scholarship Secretariat, in respect of recent public commentary by H.E. Sabah Zita Benson, High Commissioner of Ghana to the United Kingdom and Ireland aimed at renewing public ridicule against our client.

Our client maintains that he executed his work as former Registrar of the Scholarship Secretariat with utmost diligence and therefore denies any wrong doing.

Furthermore, as the High Commissioner herself has acknowledged, investigations have already been initiated into the allegations of corruption surrounding the awards of scholarship during the tenure of the previous administration. In the circumstances, the High Commissioner's resort to the media to publicly berate our client rather than allowing the appropriate security and investigative bodies to discharge their mandate is regrettable and unwarranted.

It is worthy of note that this is not the first time the High Commissioner is making such wild allegations notwithstanding the pendency of investigations by state security and investigative agencies. Our client has not only availed himself to the said state security agencies but has fully cooperated with them with a view to ensuring that the allegations are thoroughly investigated, his name is completely cleared, and the matter is brought to a definitive conclusion.

Our client is a law-abiding citizen who remains focused on faithfully discharging the mandate entrusted to him by the good people of Abuakwa South and is firmly committed to the rule of law and due process.

He remains confident that in the fullness of time, the truth will prevail, and he will be vindicated.

Thank you
