FOR IMMEDIATE RELEASE

**PK AMOABENG LEADERSHIP FOUNDATION OPENS APPLICATIONS FOR
COHORT 4 OF THE PK AMOABENG SCHOLARS PROGRAM**

The PK Amoabeng Leadership Foundation has officially opened applications for Cohort 4 of its flagship Scholars Programme, a rigorous one-year leadership initiative designed to develop ethical, disciplined, and resilient young leaders for Ghana and Africa.

Founded by Captain (Rtd.) Prince Kofi Amoabeng, the foundation seeks to address what he describes as a critical leadership deficit threatening the continent's potential. The programme identifies and develops high-potential individuals aged 18 to 40, equipping them with the integrity and resilience needed to transform Ghana's narrative.

Selected scholars undergo an intensive curriculum that moves beyond theory. Key components include military training, leadership boot camps, one-on-one mentorship, job shadowing, cultural immersion and leadership seminars.

The PK Amoabeng Leadership Foundation is a non-profit organisation dedicated to shaping ethical, entrepreneurial, and patriotic leaders. Through its intensive year-long programme, the foundation aims to revolutionise the mindset of African leaders and transform the continent's future. The foundation's core values, Integrity, Professionalism, Innovation, and Respect for All are embedded in every aspect of the programme.
